

The Momtrepreneur Networking Club

It has been my passion for many years to work with mothers to teach them how to work from home so that they can be there for their children, either for full time income, or if needed an additional income stream to subsidize their current one. I have been blessed to be able to be a momtrepreneur, yet had to struggle to achieve the status as I had no mentor in doing so. However, I do understand that circumstances arise that prohibit many moms and families from being able to make this happen. I was fortunate enough to make ends meet for the past 16 years (less one year, one month and 19 days that I went to work full time. Yes, I know the exact days). I struggled. However, through it all, it was my driving force as to learn the ins and outs of earning multiple income streams online and at home. That has been substantial for me.

The program that I am initiating will consist of a few different things. 1. Free physical on-location trainings monthly for moms to gain the skills and knowledge to work from home, accompanied with an introduction to the various mom owned companies in our network. 2. A training E-book sold online in various forums such as Amazon, Fiverr, my website, www.AngelaChristu.com, and at the trainings, the eBook contains the list of the 20 network marketers included. 3. Digital Media services offered for all moms to promote their business with. 3. The participants will also be placed in the online Momtrepreneurs Facebook group that I run for support and growth opportunities.

Why am I doing this?

I can not live life fully, unless I live with passion. Call it awesome, or call it my downfall. Each has their own perspective. My passion is my children, and giving to others what knowledge I have gained thru my struggles to be a stay at home mom despite the odds against me that I was a single mother of three children. I want to teach moms to connect their hearts to their business, and create a life they are happy with.

Why am I including 20 other moms in this training instead of funneling just my own company?

I truly believe that your success lies in your service to other. Some of the greatest and most successful business people I know, base their business on serving others with passion, and that is exactly what I want to do. Serve all people, not just my own audience, and serve them well.

Who is involved?

These prices listed above are ONLY good for the first year. With God's blessings, I pray that this program takes off, creating tons of Momtrepreneurs, making everyone's businesses flourish, and creating a strong network of women who can work together. I have made great friends in this industry and I have seen many women persevere through many obstacles. It is the greatest sense of accomplishment when we can lift each other up, and celebrate each other's success!

In addition, for members at any level, I can provide the following digital media services:

PDF on online marketing trade secrets **\$5**

Blog on any topic in PDF form, with unique content and images, up to 300 words **\$20**

Networking is the CORE of our businesses. Without it, we will not get very far. Today, I referred a very good friend of mine to another company that I thought she would love, and she signed up as a distributor. I had no monetary gain. But you know what I did get? That friend who signed

her up, returned the favor and gave me two amazing vending opportunities to meet new customers, and locations that I could go and speak with the owner about my business for new builders. There are ways we can all help each other, and we as woman can lift and empower each other to succeed.

If you have questions on the program, please do not hesitate to ask! Please fill out the form on the website, and you will receive an invoice for the option you choose.
